OUR MISSION & PHILOSOPHY
The mission of Lowell House Addiction Treatment and Recovery (LHATR) is to empower people and their families to rebuild their lives and strengthen our communities by providing skills and freedom to live a sober and dignified life. We provide a full range of programs and supports to treat substance use disorders, assist addicted individuals to become clean and sober and help them remain in healthy recovery for a lifetime. LHATR’s vision for the future is to “lead the way to a life of recovery by providing comprehensive, compassionate and innovative addiction services to all people of all ages.”

THE STORY OF ZACK’S HOUSE
The name “Zack’s House” is a tribute to the memory of Zachary Gys, a beloved twenty-one-year-old Lowellian who succumbed to a drug overdose in 2013. His family and friends recognized the gap in services for this young adult population and founded Zack’s Team Foundation. This foundation has partnered with Lowell House Addiction Treatment and Recovery to provide additional housing for young men from the Greater Lowell area. Each young man will have completed a detox and is actively participating in recovery services or completed a recovery program. It is expected that each resident of Zack’s House has the desire to continue living and working on their own recovery in a community setting that fosters such growth.
